

## OFFERS TO CUT SILESIA

Premier Informs British He  
Would Accept Such, Is  
Report.

### CURZON IN CHARGE

Italians Work Hard To Effect Con-  
ference—Solemn Says Failure of Con-  
ference Would Be Calamity.

Paris, Aug. 12.—Premier Briand  
last night informed the British  
delegation that he would be willing  
to accept, as a last resort, the  
"Sforza" line in Silesia, according  
to the Havas Agency.

This line gives Poland the western  
part of the industrial district, not-  
ably Gliwice, Zabrze and Tarnow-  
Towitz.

The French experts last night  
studied the line proposed by David  
Lloyd George. According to their  
calculations this line would give 200  
000 Polish votes to Poland and 270  
000 to Germany, on the one hand,  
and 100,000 German to Poland and  
600,000 to Germany, on the other  
hand, whereas the plebiscite gave  
60 per cent of the vote to Germany  
against 40 per cent to Poland.

Earlier in the day the French and  
British Prime Ministers were far  
from agreeing upon the new line  
dividing Upper Silesia drawn by the  
experts appointed for this purpose  
by them Tuesday evening.

Lloyd George, upon receiving the  
Irish reply by air courier yesterday  
afternoon, and finding that the Si-  
lesian situation promised new diffi-  
culties, said he could remain no longer  
in Paris, but would return to  
London tomorrow for a cabinet  
meeting Saturday, leaving David  
Lloyd George in charge of the  
Irish situation.

Both sides agree that real diffi-  
culties exist in the division of the  
industrial area every part of which  
is interdependent and closely inter-  
related by systems of electrification,  
waterworks, light, railways and  
steel and coke works. Almost any  
line would separate many thousands  
of workmen from their place of  
employment, and it is foreseen that  
to set up frontier barriers through-  
out the region would cause immense  
embarrassments to the various indus-  
tries and productions.

Sober opinion observers that al-  
though the situation is tense be-  
tween the British and French govern-  
ments, the Etienne is not yet dis-  
rupted and that both M. Briand and  
Mr. Lloyd George strongly desire to  
find a working formula. Doubts are  
voiced in French quarters as to  
whether the Irish situation is really  
of such urgency as to require Mr.  
Lloyd George's hastily leaving so  
important negotiations.

Experienced observers comment  
that nearly all conferences of this  
kind reach an acute stage before the  
final settlement. The British Premier  
is described as having begun the  
day in a worried mood. He went to  
Rambouillet with reluctance, and  
while there had some conversation  
with M. Briand and Signor Bonomi,  
the Italian Premier, in which M.  
Millerand, President of France, took  
part. This conversation was abruptly  
cut off by the arrival of Mr. Lloyd  
George, who left half an hour before  
the other guests.

The Italian delegates have been  
making a great effort to reconcile  
the opposing views. Premier Bonomi  
in the day persuaded Mr. Lloyd  
George to give way on some points.  
Signor Bonomi and Marquis  
Della Torretta dined with Mr.  
Lloyd George last night and made  
earnest representations. Doubtless  
the council must not be allowed to break  
up in this manner and that patience  
and ingenuity would find a means  
of settlement that was reasonable  
and just.

The Italian Minister of Finance,  
Signor Soleri, said:

"The Italian delegation would  
regard the failure of the conference  
as a calamity to all Europe."

The French Cabinet has been  
summoned to meet tomorrow morn-  
ing, it was announced last night.  
Announcement also was made that  
no meeting of the Supreme Council  
will be held tomorrow forenoon.

### COLUMBIAN OUTING

The Columbian Players, evening at  
the Columbus Country Club last  
evening, as guests of the Rev. Louis  
Smet, was a most enjoyable affair.  
Forty members of the players were  
present and the ride to the club  
took of a regular musical comedy  
spirit, intermixed as it was with  
strains of "The Columbian Million  
Dollar Chorus" and the harmonies  
of violins, ukuleles and banjos. The  
Columbian Players' organization has  
made a phenomenal growth during  
the past two years under the leader-  
ship of Norris N. Roland, and the  
Columbian productions have always  
received a warm reception from the  
theater-going people of our city.  
The Columbian players go to Bene-  
dict, Md., on Sunday, August 21.

There will be a called meeting of  
the Girl Scouts tonight at 7:30 p.  
m. in St. Paul's Parish Hall.

entire State. Miss Davidson was

from the Chairman of the House  
Committee on Public Buildings and  
Grounds, reading in part as follows:  
"I am directed by the Committee  
on Public Buildings and Grounds to  
advise you that owing to the present  
condition of the Government finances  
and the consequent necessity for the  
most rigid economy, as well as the  
pressure of the emergency legisla-  
tion, the Committee has definitely  
decided not to prepare and report a  
general public buildings bill at this  
session, or to consider any individual

of Policeman—Other Court

at the door of Policeman Magner.  
The officer was at home. The man  
was arrested. It cost him \$10 in  
the police court today for doing busi-  
ness without a license. The Syrian  
protested, however, that he simply  
took orders. The officer testified  
that he offered to sell the goods out-  
right.

within the city limits was given 24  
hours in which to move them beyond

## NEEDS OF THE PLAYGROUNDS

That people of Alexandria are  
awakening to the necessity of play  
grounds for our children is shown  
by the splendid action of the Ki-  
wanis Club in raising such a large  
sum for the Friends' Playground,  
and we hope their example will be  
followed by other clubs and socie-  
ties. We have little or no equip-  
ment, children can't play with out  
something to play with, and no shel-  
ter. We need a small building with  
water, etc., and a place in which  
to keep our materials, so in case of  
rain, indoor instruction could be  
given to a class of sewing, knitting,  
weaving, etc. Now on bad days, the  
children can not go to the Play-  
ground, and our intention of help-  
ing the mothers is frustrated. Let  
us hope that the generosity of our  
citizens will soon help us to have  
a shelter for the children. The fol-  
lowing are some of the contributions  
received: Through Miss Cummings,  
\$50; Mr. Slater, \$25; Mr. and Mrs.  
W. B. Smoot, \$25; Mr. May M. An-  
drews, \$5; Mr. George Anderton,  
\$5; Mr. Diener, (Bendheim and Co.),  
\$5; Mr. Harry Kirk, \$5; Mrs. Spof-  
ford, \$2.50; Mrs. Davis, \$1; Mrs.  
Mamie Jones, \$1; lumber from  
Smoot and Co.; also from Alexan-  
dria Lunch Co.; sand for boxes,  
Lloyd George to return to London  
and convene a Cabinet council Sat-  
urday to consider the Irish reply.

Parleys Not Jeopardized—Reply  
Does Not Call for Instant Action.

London, Aug. 12.—The Irish situa-  
tion underwent an unexpected de-  
velopment yesterday, when Eamon  
de Valera's answer to the govern-  
ment proposals was delivered to  
Austen Chamberlain, leader of the  
government, at London and immedi-  
ately forwarded by airplane to the  
British Prime Minister in Paris.

De Valera had been expected to  
delay his reply until after the meet-  
ing of the Daily Eireann, at Dublin  
Tuesday, hence the flutter of sur-  
prise in London has been followed by  
an apparent double crisis in Paris,  
occasioning the sudden decision by  
Lloyd George to return to London  
and convene a Cabinet council Sat-  
urday to consider the Irish reply.

It is difficult to disentangle the  
effect of the evident inability to  
harmonize the opposing views of  
Premiers Lloyd George and Briand  
over Silesia from the possibility that  
De Valera's reply portends an  
Irish crisis, or to decide which of  
these two has led to the sudden  
change in the Premier's plans. It is  
noteworthy that Mr. Chamberlain,  
who must have read the Irish reply,  
informed the House of Commons  
that the Premier was returning Sun-  
day, thus intimating there was im-  
mediate gravity.

Neither in Dublin nor in Irish  
quarters in London was a grave  
view taken of the reply. Up to a  
late hour no authentic report as to  
its nature could be obtained, the  
same secrecy was observed as has  
characterized the negotiations from  
the beginning. But the general im-  
pression is that it means a continua-  
tion of the negotiations, and some of  
De Valera's colleagues have taken  
up quarters in London ready for  
such a development.

The understanding is that the re-  
ply is not calculated to jeopardize  
the negotiations, but is rather of  
an informal character, inviting  
response from the Premier. Robert  
C. Barton and Joseph McGrath, both  
commandants of the Irish Republi-  
can army, with Art O'Brien, have  
reoccupied their quarters at the  
Grosvenor Hotel, where they have  
lately been staying and, according  
to McGrath, their stay there will be  
indefinite. This is supposed to imply  
renewal of negotiations requiring  
their presence in London.

Mr. Chamberlain called a Cabinet  
council this afternoon, but it is not  
known whether the meeting was  
to consider the Irish situation, or  
more probably the friction which  
has arisen between France and Eng-  
land over the French protest against  
the effect on French trade of the  
bill relating to the safeguarding of  
industries now being debated in the  
Commons.

Art O'Brien, president of the  
Gaelic League, in an interview last  
night, said that so far as he knew  
there was nothing in De Valera's  
reply to call for such precipitate ac-  
tion on the part of Lloyd George.  
There was no suggestion that the  
reply meant the breaking off of  
negotiations.

### LAWN FETE A SUCCESS

Girl Scouts Stage Successful Affair  
For Camp Trip

After a great hope and a great  
amount of work, it is good to know  
that one's dream is about to be  
realized. So does every Girl Scout  
feel in the gratifying success of the  
lawn fete. The entire troop of girls  
wish to thank every person of Alex-  
andria who has helped to make their  
camping trip possible by helping to  
make the party a financial success.  
Special thanks are due to J. Dunn,  
of Dunn's Electric Shop, for his loyal  
and enthusiastic help. Mr. Dunn not  
only wired the lawn and arranged all  
lights, but even supplied a splendid  
quartet for the program. Rev. Dr.  
Ister and the congregation of his  
church are sincerely thanked for the  
generous loan of lawn lights, and  
the Young People's Building, St.  
Paul's Church is thanked for the  
loan of electric bulbs and Grace  
Church, for the loan of lanterns.  
The firms of R. E. Knight, C. Hoy,  
Sanitary Baking Co., B. Wheatley  
and others whose names it has been  
impossible to find yet, are thanked  
for their loans of fixtures or dona-  
tions of cake or sugar, or lemon  
meringue and other refreshments.  
All friends and mothers of girl  
scouts are likewise thanked for  
their help or services at the party,  
and to all the Girl Scout Troop of  
Alexandria sends a hearty "Thank  
You."

**TODAY'S THOUGHT** Her suffering ended with the day, yet lived she at its close, and breathed the long, long night away, in statue-like repose. But when the sun in all his state, illumed the eastern skies, she passed through Glory's morning-gate, and walked in Paradise.

#### VIRGINIA ANTHOLOGY

Virginia is rich in the literary fame of her sons and daughters. She can lay claim to one of the world's great geniuses, at least, Edgar Allan Poe, as her very own. And while among those who are firmly fixed in their places in the Parnassian temple are many of lesser note, still they are of purest ray serene. When the anthology of Virginia shall some day be garnered into a single volume, we have no doubt that the verse of Henry Mazyck Clarkson will be included. The volume which lies before us, of this poet's writings, contains many gems of the finest water. Leading the life of a country physician of the olden time, his daily trips through the rural districts were doubtless conducive to the kindly muse, and many of the verses were conceived on those errands of mercy and duty. The volume is entitled "Songs of Love and War." Those touching on the gentler passion are filled with exquisite imagery, chaste sentiment, and tenderest feeling. Dr. Clarkson was a master of the technique of poetry. His metre is correct, his rhyme according to rule and his figures apt and beautiful. In many of the verses a deep religious sentiment is displayed, and the reverent handling of the devotional subjects discloses the beautiful inner nature of the man.

The second portion of the volume is dedicated to what is termed political subjects. These are peculiarly Southern and essentially Virginian in topic and treatment. They will find sympathetic response in the hearts of the older generation who still remember the dark days of reconstruction in the Old Dominion. The third division of the book treats of war, and here the poet gives full rein to his fancy, and Pegasus soars aloft into the empyrean. His verses on "Lee's Welcome," read before the Manassas Chapter, U. D. C., June 3, 1906; those on the "Southern Flags," before the Manassas Memorial Association, in 1893; the poems on the "Lee Statue Unveiled," the "Davis Statue"; the "Ballad of Fairfax"; "She Weeps for Her Dead"; "The Battle of Manassas"; and others, should render the volume precious to every son and daughter of the Confederacy.

All in all, the verses of Henry Mazyck Clarkson are worthy of high and honored place in the sometime anthology of Virginia when it shall receive due collocation.

## SPORTS

Two mythical goats are now nibbling grass on Baggett's field and they will continue to do so until next Sunday. "Billy" is the mascot of the Dreadnaughts and "Nanny," belongs to the Triple A. A. A. Both are sad. Will the Triple A. A. A. capture "Billy"? The Dreadnaughts claim that it is a sure thing that they will get the Triple A. A. A. goat "Nanny." Should there be a change in the ownership of the goats it is hoped that the new masters will be kind to them.

Many Alexandria baseball fans can not realize that the Dreadnaughts and Triple A. A. A. are to start a baseball championship series here next Sunday. They question themselves: "Am I dreaming?" "Can the good news be true?"

Have no doubts, dear fans, for it is a certainty that the Dreadnaughts and Triple A. A. A. will play next Sunday, as announced in the "Sports" news of "The Alexandria Gazette," August 10.

Manager Ulysses S. Savage, of the Triple A. A. A., has had his lads practicing every day on the Shipyard field and will be on hand to give the Dreadnaughts all the fun they want in the art of playing baseball.

The Triple A. A. A. have defeated the Warsaw Giants, Fredericksburg, White Sox, Clarendon Athletic Club nine, and many first class baseball teams of Washington and nearby places. No doubt they will give a good account of themselves before the ending of the series.

Manager Edward Allen of the Dreadnaughts, is ready for the foe. He is not worried about winning the series. What worries him is the loss of baseball his "big bucks" will drive out of sight and bats that will be broken by hard blows. Every time "Wop" Devers knocks a ball over Baggett's big barn it means two dollars to the club. It is enough to give the losers cold sweats, but it is worth it. Knock 'em to the moon, "Wop" for men are making new balls every day.

Put in a good day Sunday, brother fans. Be sure to attend your church services in the morning and then you will be sure to enjoy the Dreadnaught-Triple A. A. A. game in the afternoon.

Roanoke.—With the introduction late this afternoon, by the defense, of C. M. Campbell, of Amherst, former prohibition raising agent now under indictment on charges of violating the liquor laws, the case of Fred S. Hoback, of this city, federal narcotic agent, was adjourned until tomorrow morning, after 20 more witnesses had been examined today.

Lynchburg.—Baby No. 19 in the home of F. O. Shaner, a merchant here, will be known as "Stewart Ethridge Shaner," the name suggested in full by M. S. Stewart, an architect of Cairo, Ga., being adopted by the parents. A month ago Mr. Shaner appealed to his friends to help name the boy, now three months old, and suggestions came from half a dozen or more states.

## THE MONTH OF AUGUST

(For the Gazette.)

August boasts no "legal" holiday.

The sardonyx is the August birthstone.

Benjamin Harrison was the only president of the United States born in August.

In the Roman year the sixth month was known as Sextilis, which was changed to August by the emperor, Augustus, because several fortunate events in his life occurred in that month. In the rearrangement of the calendar August became the eighth month.

In order to give the new month of August a number of days equal to July, which had been so named by Julius Caesar, one day was taken from February and added to August. Missouri, on the 10th, 1821, and Colorado, on the 1st, 1875, were admitted to the Union in August.

Aug. 26, 1920, is a memorable date in the history of equal suffrage for women. The nineteenth amendment to the constitution, which gave the ballot to women in the United States, was proclaimed in effect on that date.

The Panama Canal was opened for traffic, connecting the Atlantic and Pacific Ocean lanes, on Aug. 15, 1914.

Germany's invasion of Belgium, Aug. 2, 1914, was the first active measure of the central powers in their war upon the allied nations.

The peace protocol, which ended the war between the United States and Spain, was signed Aug. 5, 1898.

#### THE SERVICE MAN'S DEPARTMENT AND THE MAN WHO IS TO RUN IT.

The day of dual responsibility, of divided authority in the Government's dealings with former service men is over.

All governmental agencies engaged in administering soldier legislation as provided to benefit veterans of the World War are at last consolidated into one organization, under one head, and with one object to demonstrate that the United States can make of its dealings with ex-service men a co-ordinated and an efficient business, conducted as great going concerns are run anywhere else in the land.

This new organization is known as the Veteran's Bureau; the Director on whose shoulders the entire administration programme for soldier welfare now rests, is Colonel Charles R. Forbes, a business man from the West whom President Harding pursued of his practical judgment that a Government office requires the same sort of ability that is demanded by large business elsewhere, drew on to

Washington several months ago as Director of the Bureau of War Risk Insurance.

And here are a few of the things that being Director of the Veteran's Bureau entails. It means:

That this is the responsibility of solving that heart-rending and imminent problem of providing hospitalization for all ex-service men who have been war-crippled or disabled in any way.

That, supplementing the hospital construction program for which \$18,600,000 has already been appropriated and plans for the disbursement of which through the Treasury Department are under way, the new Director is now given authority to enter in contract with State, municipal or private hospitals for the accommodation at once of those veterans in pressing need of hospital care.

That the rigid inspection of these hospitals will now be under his management and that the administration of them as business institutions as well as their humane functioning as havens of sympathetic care and rest for the disabled man shall be his charge.

That the 26,630 War Risk patients now being cared for in the 800 pri-

Spent Over \$3,000 Seeking Health.

Huntington Woman Helpless for Six Months Restored To Health By Tanlac.

"My wife didn't weigh but eighty-eight pounds, had been practically helpless for six months and we did not think she could live, but Tanlac has restored her to perfect health and she now weighs as much as she ever did in her life," said J. L. Roberts, 1668 Ninth avenue, Huntington, W. Va., a specialty salesman for the Singer Sewing Machine Company.

"My wife was just about as bad off as anybody ever gets to be," he continued. "She had been down in bed for six months and we had to wait on her all the time. She had stomach trouble in its worst form and had lost weight until she was almost a living skeleton. Her liver was torpid, and she suffered awfully from constipation, headaches and dizzy spells and didn't have any color in her face. She was under treatment seven different times and we spent, over three thousand dollars on her but nothing seemed to reach her case."

"Finally I went to several of the people who had made statements in the papers about Tanlac. They convinced me, so I started my wife on Tanlac and it wasn't long before she asked for something to eat, and in a few days she was up and around the house. She has now taken five bottles and it hardly seems possible that she could be in such fine health as she is. She is as strong and well as ever, doing all the housework herself and is the happiest woman in the state."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and all leading druggists.

vate and the 90 Government hospitals at present available for their use, and the 1000 average monthly increase of these wards requiring treatment, are to look to him as the guardian of their care.

That doctors who in the past have made over a million examinations of the War Risk Act, and the United States Public Health physicians who have furnished in dispensaries almost a million and a half treatments annually, are now accountable to him as commander-in-chief, this complete authority being now transferred from the United States Public Health Service to the Veteran's Bureau.

That the difficult and complex task of restoring to the War-disabled man his former earning capacity or creat-

ing in him a new one through that vocational rehabilitation which it is the duty of the Federal Government to supply to former service men, now depends for its solution on the new directorship.

Under the Act which created the Veteran's Bureau, those "powers and duties" in behalf of the service man formerly vested in the Federal Board for Vocational Education pass to director Forbes to carry on.

That he is the head of an insurance business of 651,054 active policies, 397,890 term (War Risk) policies with a commuted value of \$2,980,660,235, and 253,863 policies of United States Government insurance with a value of \$1,000,702,500.

And he is responsible for the average million dollars a day expendi-

ture by the Government in meeting the compensation and insurance claim which are increasing at the rate of 700 new claims a day.

The Act which created the Veteran's Bureau liberalizes certain provisions of the War Risk Act, and the adequate administration of these new benefits to the ex-service man will increase the activities of the Bureau to perhaps a fifth again of their present extent.

### HARDING'S FATHER SECRETLY MARRIES

Monroe, Mich., Aug. 12.—Dr. George T. Harding, father of President Harding, came to Monroe yesterday, married Miss Alice Severns, for 12 years a nurse in his office at Marion, Ohio, and left the city before more than a score of Monroe citizens had guessed his identity.

Dr. Harding is 76 years old while his bride is 52. Accompanied by a younger couple who refused to divulge their names, Dr. Harding and Miss Severns drove into Monroe in an automobile, reaching the city shortly after noon. They went immediately to the county courthouse, obtained a marriage license, and asked to be directed to a Baptist parsonage. As there is no resident Baptist pastor here the couple went to the home of Rev. T. Knowles, pastor of the Monroe Presbyterian Church, who performed the ceremony at 2 o'clock.

Following the wedding of Dr. Harding and his bride left immediately in their automobile, driving south toward Toledo. Dr. Harding made an attempt to withhold announcement of his marriage. The marriage license, obtained from Miss Beryl Snyder, a deputy county clerk, was marked "not for publication."

### Hoover Aid Sent To Riga To Meet Soviet's Agents

Walter Lyman Brown, of Los Angeles, European director of the American Relief Administration, will supervise the Russian famine relief which the Hoover organization has undertaken. Mr. Brown, who was ordered to Riga for the preliminary conference with the Russian emissaries, will direct the work from his London headquarters, 67 Eaton Square, just as he has child feeding operations in Central and Eastern Europe.

Mr. Brown is forty-four years old, a mining engineer and a graduate of the University of California. He engaged in mining work in this country, Alaska, and Africa, and has been associated with Herbert Hoover in relief work since 1915, when he joined the staff of the Commission for relief in Belgium. In August, 1916, he was placed in charge of the Commission's office in Rotterdam, port of entry for the vast quantities of food with which Belgium's 7,500,000 inhabitants were fed during the German occupation.

After the armistice, still at Rotterdam, he represented the American Relief Administration in supplying food-stuffs to a large part of northern Europe. Since August, 1919, he has been director for Europe of the American Relief Administration, whose New York headquarters are at 42 Broadway.

### U. S. TRAINING SCHOOL FOR NURSES

A training school for nurses of the U. S. Public Health Service is to be established by the Surgeon General which will offer to women desiring to take up the profession of nursing a course of study leading to a diploma and an opportunity to assist in caring for disabled military patients.

The headquarters of the school is in the office of the Surgeon General, Washington, D. C. Training will be given in certain hospitals in the service. Schools will open on September 1, at Fort McHenry in Baltimore and at Fox Hills, Staten Island, N. Y. The Service hospitals provide experience in surgical nursing, including orthopedic, eye, nose and throat; medical, including communicable, nervous and mental diseases; X-Ray and laboratory technique; experience in the nursing of children, and public health nursing. Gynecology and obstetrics will be provided in the second or third year of the course through affiliations with civilian hospitals. Lectures, recitations, and laboratory work will be given in the required subjects in each hospital training school.

The course will be three years. A credit of nine months or approximately an academic year, will be given to graduates of accredited colleges. Credit of three or more months will be given to students who have had two or more years in college or in approved technical schools that include the prescribed courses in the sciences. The three years will be divided into a probationary term of four months; a junior year of eight months, and an intermediate and senior year of twelve months each. Vacations of one month each year will be granted. Hours of duty on the ward will be arranged with reference to the requirements of the class work. Throughout the probationary first four months they will not exceed six hours daily, and thereafter, eight hours.

Candidates should make application in person or writing, to the Surgeon General, U. S. Public Health Service, Washington, D. C. Special consideration will be given to candidates who have taken the course in Elementary Hygiene and Home Care of the Sick with the Red Cross or who served as

nurses and aides in Army civilian hospitals throughout the war. Candidates must be between 21 and 35 years of age, must pass satisfactory physical examination, and must be graduates of a recognized high school or present evidence of an educational equivalent.

No tuition fee will be required. Students will be provided with quarters subsistence, laundry and text books throughout the course. They must provide their own uniforms. A monthly allowance of thirty dollars for the first two years and fifty dollars for the third year to meet these and other school expenses will be made. Reasonable medical treatment will be supplied.

Connection between the student and the school may be severed by either side at any time during the period of training. Students who complete the prescribed course and pass physical examination become members of the regular U. S. Public Health Service Nurse Corps. All students except those to whom credit for collegiate or technical work have been given will be eligible for registration in any State except those requiring three full years in a hospital. They will also be eligible for membership in the American Nurse Association and other organizations, for enrollment in the nursing service of the American Red Cross and for post-graduate courses in the teaching, administrative, and public health fields.

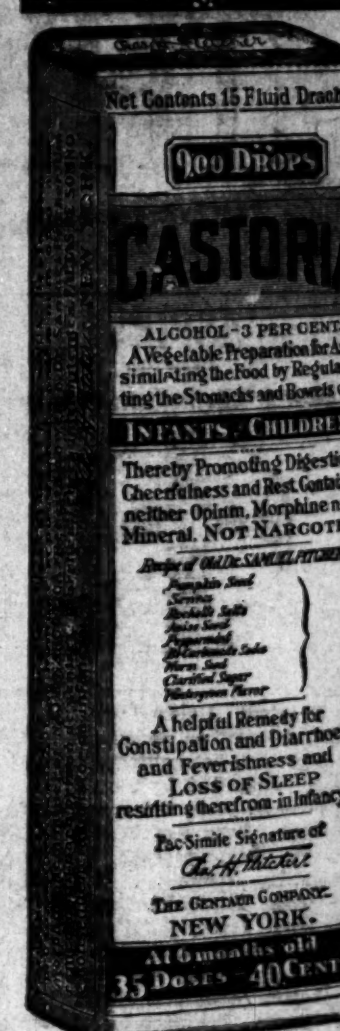

New York, Aug. 12.—Again the eternal triangle, this time with a well known lawyer paying the penalty.

Ellis Guy Kinkead, lawyer, is dead in his Brooklyn home, where his wife is watching his body. In the police station another "Mrs. Kinkead"—for so she registered at a hotel—is under arrest as his slayer. She is in such a state of collapse from the reaction of the tragedy that the police have been unable to question her.

The real Mrs. Kinkead, however, gave the police a clue to the identity of the woman who had shot and killed her husband. Evidently Kinkead had told his wife of his former relations with the "other woman," and inferentially that he feared trouble from her, for Mrs. Kinkead, when told her husband had been killed at once named the woman.

According to Mrs. Kinkead, the prisoner is Olive M. Stone, a trained nurse, of Cincinnati, with whom Kinkead had been on more than friendly terms. Mrs. Kinkead refused further details.

The killing was done in silence. The woman, who earlier in the day had registered at a Manhattan hotel as the lawyer's wife, was evidently familiar with his residence and homeward going route. The lawyer had alighted from a trolley car and hurried into his home street

## CALOMEL LOSING

### OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience. Take a dose of calomel today and tomorrow you will feel weak, sick since all the next day like violent calomel and nauseated. Don't lose a day.
